

Supplement to Revolut Payments UAB Personal Terms

1. What this supplement is about

This is a supplement (the **Supplement**) to the Personal Terms you agreed with us, about your Revolut personal e-money account (your **e-money account**). Being a “supplement” means it adds to the Personal Terms you agreed with us, but does not change them.

This Supplement applies if you sign up to Revolut Bank UAB (**Revolut Bank**). It sets out how money is sent between your e-money account with us and your Demand Deposit Account with Revolut Bank. Your Demand Deposit Account with Revolut Bank itself is governed separately by the Demand Deposit Terms of Revolut Bank.

This Supplement will start to apply once it is accepted by you. We can't provide the services described in it to you unless you accept it.

We are Revolut Payments UAB, a company incorporated and licensed in the Republic of Lithuania with company number 304940980 and whose registered office is at Konstitucijos ave. 21B, 08130 Vilnius, the Republic of Lithuania (**Revolut Payments**). We are licensed to issue e-money and undertake payments services by the Bank of Lithuania. The Bank of Lithuania is the central bank and the financial supervisory authority of the Republic of Lithuania whose address is Gedimino ave. 6, 01103 Vilnius, the Republic of Lithuania, website is www.lb.lt and phone number is +370 800 50 500..

2. Moving money in and out, and adding money

This section sets out how your money will be automatically transferred between your Demand Deposit Account with Revolut Bank and your e-money account whenever a payment is made from or received into your e-money account (other than into or from your Demand Deposit Account with Revolut Bank).

What happens to my existing money?

When you accept this Supplement, we will transfer the existing balance of your e-money account to your Demand Deposit Account with Revolut Bank.

This means that by accepting this Supplement you instruct us to transfer the existing balance of your e-money account to your Demand Deposit Account with Revolut Bank, as described in this Supplement.

What happens if I receive a payment?

Each time you, or someone else, sends money to your e-money account, we will transfer it to your Demand Deposit Account with Revolut Bank. This includes any time you add money (as described in section 12 of the Personal Terms).

We will make these transfers as soon as possible (and as close to instantly as we can). This means that money will only ever be held in your e-money account temporarily.

This means that by accepting this Supplement you instruct us to set up payments from your e-money account to your Demand Deposit Account with Revolut Bank, as described in this Supplement.

Money sent to your Demand Deposit Account with Revolut Bank will be held by Revolut Bank according to the Demand Deposit Terms you agreed with Revolut Bank. The money won't be held by us (other than when it passes through your e-money account temporarily).

What happens if I send money or make a payment?

Whenever you send money via the Revolut app (for example, you send it to a third party bank account), pay a fee for a Revolut service (like a monthly fee for Metal or an insurance premium) or make any type of payment using Revolut at all (like a direct debit, payment link, or anything else) you instruct us to immediately send a charge request to Revolut Bank requesting funds from your Demand Deposit Account equal to the amount of money needed to make the payment. Once the requested amount is sent from your Demand Deposit Account to your e-money account, we will immediately issue you e-money and then immediately pay it out to the recipient in accordance with the Personal Terms.

Whenever you make a payment using your Revolut Card, you instruct us to immediately send a charge request to Revolut Bank requesting funds from your Demand Deposit Account equal to the amount of money needed to make the payment. Once the requested amount is sent from your Demand Deposit Account to your e-money account, we will immediately issue you e-money. However, this money will remain in your e-money account for a short time until it is paid out to the card scheme. As you have already spent the money, it will not be available to you to spend again.

As you can see, when you send or spend your money, it will be in your e-money account for a very limited period of time after it leaves your Demand Deposit Account with Revolut Bank until it is paid out.

What happens if I add money?

You can still add money as described in section 12 of the Personal Terms. Each time you do, we will treat it like any other money sent to your account, as described under “*What happens if I receive a payment?*” above.

You can still use the auto-add function described in section 12 of the Personal Terms as well. Whenever your “remembered” Revolut Bank Demand Deposit Account balance drops below the amount you have set, your auto-add will add money to your account as normal. (What your “remembered” balance means is described in section 3 below.)

What happens if I make a currency conversion?

If you ask us to make a currency conversion using the Revolut app, you instruct us to immediately send a charge request to Revolut Bank requesting funds from your Demand Deposit Account equal to the amount of money needed to make the conversion. Once the requested amount is sent from your Demand Deposit Account to your e-money account, we will immediately issue you e-money and perform the conversion in your e-money account and then send the converted amount back to your Demand Deposit Account with Revolut Bank.

This means that by accepting this Supplement you instruct us to send the converted amount to your Demand Deposit Account with Revolut Bank, as described in this Supplement.

If you make a payment that triggers a currency conversion under the Personal Terms (for example, you buy something from a shop in £ using your Revolut Card, but you only have € in your Demand Deposit Account), we will perform the currency conversion once the money arrives in your e-money account from your Demand Deposit Account and prior to making the payment to the shop.

3. What does my account balance and transaction history show?

We keep track of all the money sent between your Demand Deposit Account with Revolut Bank and your e-money account. Using this information, we “remember” the balance of your Revolut Bank Demand Deposit Account for you.

The balance we show you in the Revolut app is the total of your “remembered” Revolut Bank Demand Deposit Account balance and any available balance in your e-money account. We use this balance because these two amounts together represent the total amount you have available to spend.

This is also the balance we report via our Open Banking API when you use a licensed third-party provider to access your account.

To make sure the information we show you is correct, you agree that we are entitled to receive information about your Demand Deposit Account from Revolut Bank (including any information about any blocks or limitations on your Demand Deposit Account and the reasons for them). You also agree that we can send the same information to Revolut Bank about your e-money account.

The transaction history shown in your Revolut app will include all the payments you have made and received. However, to keep things simple, we do not show the automatic transactions between your Demand Deposit Account and e-money account described in section 2 in your transaction history screen. This information is shown in your transaction

statements instead. For example, if you spend €5 on your Revolut Card at a shop, you'll see the shop purchase in your transaction history screen, but you won't see the automatic transaction from your Demand Deposit Account to your e-money account to make it happen. You can request a statement of the automatic transactions from us, but in signing up to this Supplement you agree that these transactions won't be provided through the transaction history screen in the Revolut app or through push notifications.

4. When might this Supplement end?

What happens if I don't have a Demand Deposit Account with Revolut Bank?

This Supplement is an agreement about how money is moved between your Revolut Bank Demand Deposit Account and your e-money account with us. If you don't have a Demand Deposit Account, we can't provide these services to you. For this reason, if your Demand Deposit Account with Revolut Bank is closed, this Supplement will come to an end, too. The rest of the Personal Terms will continue to apply and we'll provide our services to you according to them.

What happens if I want to end this Supplement?

If you want to end this Supplement, but would like to keep your e-money account, let us know that via the Revolut app. We'll need 10 business days' notice to end it. Once it's ended, the Personal Terms will continue to apply and we'll provide our services to you according to them.

When you ask us to open a Demand Deposit Account, we or our representatives will ask for information about you and where the money you will deposit into your Demand Deposit Account comes from. We do this for a number of reasons, including to check your credit score and identity, and to meet our legal and regulatory requirements. When we have the information we need, we will open your Demand Deposit Account, and you can make a deposit into it. If you have already provided this information to Revolut Payments, you acknowledge and agree that we may use and rely on that information for this purpose.

Our [Privacy Policy](#) explains how we use your information for these and other purposes.

We can only provide services to you once you have passed our internal checks, and not before. We will notify you via the Revolut app once this has happened and will let you know once your Demand Deposit Account is opened.

You can see your Demand Deposit Account details in the account statement. Keep in mind that these bank details cannot be used for direct payments, and you can only place your deposit in the way described in these Demand Deposit Terms. If you use these details for payment transactions, the transactions won't be executed.

If any of your personal details change, you must notify us immediately.

When we refer to "email" we mean the email you provided to us during the onboarding process (unless you updated your email afterwards). It's important that you provide your primary email address and check it regularly. Should your email address change or should you have any trouble receiving or opening emails from us, you must notify us immediately. Otherwise, you agree that if an email has been delivered to your email address, you should have read it, even if you failed to do so for whatever reason.

3. My Demand Deposit Account

When you put money as deposit into your Demand Deposit Account, we accept the money, hold it for you, and undertake to return it to you upon your request.

Revolut Bank is not authorised to, and so cannot, provide payment services or issue e-money. This means that we can only accept money into, and return money from, your Demand Deposit Account with you directly in the way described in these Demand Deposit Terms. Money cannot be paid directly into or out of your Demand Deposit Account in any other way.

The only way you can put money into, or take money out from, your Demand Deposit Account is by having an e-money account with Revolut Payments and making payments using it in the way described in these Demand Deposit Terms.

4. How to make a deposit into my Demand Deposit Account

Add money at any time

Deposits to your Demand Deposit Account can only be made by transferring funds via your e-money account with Revolut Payments to your Demand Deposit Account.

These deposits can be made at any time and in any currency. The amount of money you can add to your Demand Deposit Account and the frequency of your additions is not limited.

How soon will money be credited?

Your deposit will be credited to your Demand Deposit Account as soon as possible after it arrives with us and in any case no later than on the next business day. A "business day" is any day other than a Sunday, Saturday or a public holiday in the Republic of Lithuania.

5. Will you pay any interest on the Deposit held in my Demand Deposit Account?

We will pay interest on the balance of your Demand Deposit Account at the end of each business day. Interest will be calculated at a yearly rate of 0%. However, since the rate is 0%, no interest will be payable.

6. How to make a withdrawal from my Demand Deposit Account?

We will return money to you from the Demand Deposit Account at your request. Withdrawal requests can be made by you at any time and in any amounts not exceeding the available balance.

The easiest way to make a withdrawal from your Demand Deposit Account is to send a charge request (i.e., a request to return your funds) via your e-money account with Revolut Payments in accordance with your arrangements with Revolut Payments regarding the transfer of funds from your e-money account with Revolut Payments to your Demand Deposit Account and regarding the procedure for issuing of charge requests. You instruct us to treat any charge request sent to us from your e-money account with Revolut Payments as authorised by you, and we shall act upon it immediately. You also instruct us to, upon receipt by us of your charge request (sent to us via your e-money account with Revolut Payments), return the amount requested to you into your e-money account with Revolut Payments.

You further confirm to us that you have properly instructed Revolut Payments to allow you to make charge requests from your e-money account and to treat any such charge request as your authorisation to return the requested amount from your Demand Deposit Account.

In exceptional cases when you are unable to use your e-money account with Revolut Payments, you can make a withdrawal from your Demand Deposit Account directly. In this case you need to contact us using chat in the Revolut app to make a withdrawal manually. Your request would need to be provided in a form acceptable to us, allowing us to comply with legal requirements applicable to us (including those in relation to anti-money laundering and counter-terrorist financing) and to verify that the account where the funds from your Demand Deposit Account shall be sent, belongs to you.

7. How is my money protected?

Your money is protected once it reaches your Demand Deposit Account or deposit account opened within another credit institution which is a participant of the Deposit Insurance Scheme. Your money will be credited to your Demand Deposit Account as soon as possible after it arrives with us and in any case no later than on the next business day.

For example, if you're adding/transferring money to/from your Demand Deposit Account not on a business day your money won't be protected by the Deposit Insurance Scheme until it reaches your Demand Deposit Account or deposit account opened within another credit institution which is a participant of the Deposit Insurance Scheme. Nevertheless, your money will be protected in other ways as prescribed by laws.

The money in your Demand Deposit Account is protected by Lithuanian deposit insurance administered by the State Company Deposit and Investment Insurance (VĮ "Indėlių ir investicijų draudimas") in accordance with the conditions established by the Law on Insurance of Deposits and Liabilities to Investors of the Republic of Lithuania which are available [here](#).

8. Keeping your security details safe

We do everything we can to keep your money safe. We ask you to do the same by keeping your security details safe. This means you should make sure they are kept secure, not accessible to other people, and not shared with anyone else.

Sometimes it's easy to forget to take the steps you should take to keep your money safe. Here are a couple of tips:

- make sure you don't leave the Revolut app open on an unlocked device; and
- keep your mobile device and your email account secure and don't let other people use them.

Contact us through the Revolut app as soon as possible if your security details could be used without your permission.

You can contact us in the following ways: ||| | --- | --- | | Tell us about lost or stolen or security details | Send us a message through chat on the Revolut app. | | | Email us on feedback@revolut.com. | | | Call us to block a lost or stolen card on +44 20 3322 8352. | | Our website | www.revolut.com |

9. Are there any restrictions on using the Revolut app?

Please act reasonably and responsibly when using the Revolut app.

For example, the Revolut app must not be used (directly or indirectly) as follows:

- for illegal purposes (for example, committing fraud);
- in a way that we reasonably believe might harm our ability to provide our services;
- to control or use a Demand Deposit Account that's not yours;
- to allow anyone else to have access to or use Demand Deposit Account or the Revolut app; or
- for business purposes.

Please also act in a respectful way towards us and our support staff – we're here to help you.

10. When we might prevent you from using your Demand Deposit Account

The safety of your money is important to us. In certain cases we might prevent you from using your Demand Deposit Account. For example, we will deny the repayment of any deposit and will not credit any additional deposit if we're reasonably concerned about its security or that it might be used fraudulently or without your permission.

We might also have to prevent you from using your Demand Deposit Account to meet our legal obligations.

We'll tell you through the Revolut app before, or as soon as possible after, we have limited the use of your Demand Deposit Account. We'll also let you know why we've done it (unless it would reduce your or our security or it would be unlawful). We will let you use your Demand Deposit Account normally as soon as the reasons for the limit no longer exist.

11. When could you suspend or close my Demand Deposit Account?

We may close or suspend your Demand Deposit Account immediately and end your access to the Revolut app, in exceptional circumstances. Exceptional circumstances include the following:

- if we have good reason to suspect that you are behaving fraudulently;
- if you've broken these Demand Deposit Terms in a serious or persistent way and you haven't put the matter right within a reasonable time of us asking you to;
- if we have good reason to believe that your use of the Revolut app is harmful to us or our software, systems or hardware, or our reputation or goodwill;
- if you've been declared bankrupt;

- if you die or a declaratory judgement of your death is pronounced; or
- if we have to do so under any law, regulation, court order or ombudsman's instructions.

Upon closing your Demand Deposit Account, we will return any remaining balance in your Demand Deposit Account to your e-money account with Revolut Payments or will allow you to make a withdrawal directly.

12. Are we responsible if something goes wrong with your Demand Deposit Account or the Revolut app?

We'll do as much as reasonably possible to make sure that our services are not interrupted and are accessible at a reasonable speed. However, we can't promise that this will always be the case or that the services will be free from faults. We also rely on some third parties to provide services to you, which can sometimes disrupt our services. We'll always do our best to solve any problems with our services, no matter what the cause.

We will not be responsible for losses resulting from us failing to meet our obligations to timely credit into your Demand Deposit Account incoming money or debit from your Demand Deposit Account money being withdrawn because:

- of a legal or regulatory requirement; or
- unforeseeable events outside our control, which were unavoidable at the time;
- of criminal or any other illegal actions of third parties resulting in damage to you or any other person; or
- of the blocking of your Demand Deposit Account when implementing legal requirements, including those in relation to anti-money laundering and counter-terrorist financing.

We will only be responsible for foreseeable losses

If we break this agreement, we will only be responsible for any loss that we could have foreseen at the time we entered into the agreement.

We won't be responsible to you for any of the following, whether direct or indirect, that arises in connection with this agreement:

- loss of income or profit;
- loss of goodwill or damage to your reputation;
- loss of business contracts or opportunities;
- loss of anticipated savings; or
- consequential loss.

Nothing in this agreement removes or limits our liability for death or personal injury resulting from our negligence or from fraud or fraudulent claims and statements.

13. Our right to withdraw money from your Demand Deposit Account in exceptional cases

We have a right to withdraw money from your Demand Deposit Account without your instruction in the following cases:

- if money was transferred to your Demand Deposit Account without any legal basis (i.e. due to fraud, mistakes or technical errors);
- when we, as a service provider, are required by applicable laws, to withhold and pay to competent authorities taxes that apply to you in your capacity as a depositor; or
- in other cases, as established by Lithuanian laws and other applicable legislation.

14. When you might be responsible for our losses?

You may be responsible to us for certain losses.

If you have broken this agreement and this has caused us to suffer a loss:

- you will be responsible for any losses we suffer as a result of your action (we will try to keep the losses to a minimum);
- if your actions result in us losing profits, you may also be responsible for those losses (but you won't be responsible if this would mean that we are compensated twice for the same loss); and
- you will also be responsible for any reasonable legal costs that arise as a result of our losses.

15. How do I get information about transactions for my Demand Deposit Account?

You can check all Demand Deposit Account inflows and outflows through the Revolut app. We will not make any changes to your Demand Deposit Account information and it will be available to you through the Revolut app while you are a customer and for 8 years after you close your Demand Deposit Account. If you need to keep a copy of the information after then, you will need to download it. You can download information from the Revolut app at any time.

You will receive a notification to your mobile device each time a deposit is placed into or withdrawn out of your Demand Deposit Account. You can turn off these notifications, through the Revolut app or in your device's settings, at any time. If you turn off notifications, you should regularly check your Demand Deposit Account information on the Revolut app. It's important that you know what amounts go into and out of your Demand Deposit Account, so we recommend that you do not turn off notifications.

Communicating with you

We'll communicate with you through the Revolut app. Other Revolut group entities may also communicate with you via the Revolut app if this is agreed with you and that entity.

This is how we will provide Demand Deposit Account information and tell you about any fraud, or suspected fraud, relating to your Demand Deposit Account. It is also how we will tell you if there is a security threat to your Demand Deposit Account. Make sure you regularly check the Revolut app for this information.

To help keep your Demand Deposit Account safe, download the latest software for your mobile device and the latest version of the Revolut app as soon as they are available.

We may also communicate with you by text message (SMS) or email, so you should regularly check your text messages and email account.

Your consents, approvals, acceptances and other statements given using the Revolut app shall have the same legal validity as your signature on a written document. Your agreements concluded with us via the Revolut app shall be deemed to be written agreements concluded between you and us. Any instructions to us for conducting operations and other actions submitted/executed from you through the Revolut app will be treated as submitted/executed by you and valid as actions performed by you.

We will usually communicate with you in English or Lithuanian.

Keep us in the loop

Please keep your details up to date and let us know immediately if any information you've given us changes. If we discover that any of your information is incorrect, we may update it or ask you to provide further information.

To meet our legal and regulatory requirements we might sometimes need to ask for more information about you (for example, if your deposit inflow or outflow increases). Please provide this information quickly so that disruption to your Demand Deposit Account or our services is minimised.

Telling you about changes

If we add a new product or service that doesn't change the agreement we may add the product or service immediately and let you know before you use it.

Otherwise, we'll give you at least 14 days' notice through the Revolut app before we make any change. We'll assume you're happy with the change unless you tell us that you want to close your Demand Deposit Account before the change comes into effect.

20. Fees and Taxes

Revolut Bank does not charge any fees for and in relation to Revolut Bank services.

You may be responsible for paying taxes or costs that apply to deposit that you hold in your Demand Deposit Account and that we are not responsible for collecting from you, except where that is required by law.

21. How do I close my Demand Deposit Account?

You can close your Demand Deposit Account and so end this agreement, at any time by letting us know. You can do this through the Revolut app or by emailing us at feedback@revolut.com.

What happens if my e-money account is closed?

Immediately after your Demand Deposit Account is closed, we will return any remaining balance to your e-money account with Revolut Payments.

Your e-money account with Revolut Payments and your Demand Deposit Account with Revolut Bank are different accounts. Closing one will not automatically close the other. However, you need to have both for us to be able to offer our services to you effectively.

If your e-money account with Revolut Payments is closed, you will not be able to return deposits from your Demand Deposit Account with Revolut Bank to your e-money account with Revolut Payments. This means that, although you can continue to use your Demand Deposit Account, its functionality will be limited to keeping your money and returning it to you on your request as described in section 6.

The same consequences as described above will occur should you end your arrangements with Revolut Payments regarding the transfer of funds from your e-money account with Revolut Payments to your Demand Deposit Account with Revolut Bank, but will keep your e-money account opened.

22. Legal bits and pieces

Permission for us to process your personal information

To provide services under the agreement we need to collect information about you. Under data protection law, we are what is known as the 'data controller' of your personal information. For more information about how we use your personal information, see our Privacy Policy.

By entering into the agreement you are giving us permission to gather process and store your personal information for the purpose of providing our services to you. This doesn't affect any rights and obligations you or we have under data protection law.

You can withdraw your permission by closing your Demand Deposit Account, which will end the agreement between you and us. If you do this, we'll stop using your information for the purpose of providing our services, but we may need to keep your information for other legal reasons.

Our contract with you

Only you and we have any rights under the agreement.

The agreement is personal to you and you cannot transfer any rights or obligations under it to anyone else, without our consent.

Our right to transfer and assign

You permit us to transfer or assign all of our rights and obligations under these Demand Deposit Terms to any third party.

We will only transfer any of your and our rights or obligations under these Demand Deposit Terms if we reasonably think that this won't have a significant negative effect on your rights under these Demand Deposit Terms or we need to do so to keep to any legal or regulatory requirement. When we transfer rights and obligations we call this 'novation'. When we only transfer rights, we call this 'assignment'.

Lithuanian law applies

The laws of the Republic of Lithuania govern your relationship with us. They also apply to this agreement. Despite this, you can still rely on the mandatory consumer protection rules of the European Economic Area Member State where you live.

The English version of the agreement applies

If these Demand Deposit Terms are translated into another language, the translation is for reference only and the English version will apply. By entering into this agreement and accepting Revolut Bank's services, you confirm that you understand the English language and agree to communicate with Revolut Bank in English regarding this agreement.

Our right to enforce the agreement

If you have broken the agreement between you and us and we don't enforce our rights, or we delay in enforcing them, this will not prevent us from enforcing those or any other rights at a later date.

Taking legal action against us

Legal action under these Demand Deposit Terms can only be brought in the courts of the Republic of Lithuania (or in the courts of any European Economic Area Member State where you have a statutory right to bring legal action under these Demand Deposit Terms).

2. Other relevant information

When are deposits covered?

In principle, almost all deposits of retail depositors and corporate depositors are insured by the State Company "Deposit and Investment Insurance".

Exceptions applied to certain deposits are provided at the website of the State Company "Deposit and Investment Insurance": www.iidraudimas.lt. They can also be found below. Revolut Bank UAB, at your request, will also inform you whether a product is or is not covered by insurance. If deposits are insured, Revolut Bank UAB will confirm this in your account statement, whilst simultaneously referring you to this depositor information.

When are deposits not covered?

Deposits not covered by insurance:

1. deposits made by other credit institutions on their own behalf and for their own account;
2. Revolut Bank UAB own funds;
3. deposits with respect to which criminal conviction has been imposed in connection with money laundering;
4. deposits of financial institutions;
5. deposits of management companies;
6. deposits of financial brokerage firms;
7. deposits whose owners' identity has not been established (deposits held in anonymous and coded accounts);
8. deposits of insurance companies and reinsurance companies operating under the Law on Insurance of the Republic of Lithuania;

14. electronic money and funds received by an electronic money institution from electronic money holders in exchange for electronic money.

What are the restrictions on payment of deposit insurance compensations?

Deposit insurance compensations are not paid:

1. in case of the deposits, funds, money, securities and liabilities that are not covered by insurance (as indicated above);
2. to depositors for their deposits in an account, where no operations related to the deposit have been carried out in the 24 months preceding the day of the insured event, and the amount of the deposit held in it is lower than 10 euros.

Disbursement of insurance compensations shall be suspended, when the depositor or another person entitled to the deposit insurance compensation has been charged with an offence arising from money laundering, until the final decision of the court comes into force.

When payment of insurance compensation can be postponed?

In cases described under the Law on Insurance of Deposits and Liabilities to Investors of the Republic of Lithuania (more detailed information can be found at www.iidraudimas.lt) payments of insurance compensations can be postponed, for example, if there is a lack of data to justify the right to the deposit insurance compensation, or there is a judicial dispute over the deposit, or the depositors' right to dispose of a deposit is limited.

- consent (to track you when you have location services switched on).

PREPARING ANONYMISED STATISTICAL DATASETS

We prepare anonymised statistical datasets about our customers' spending patterns for forecasting purposes or to help governments in policy-making. These datasets may be shared internally or externally with others, including non-Revolut companies. We produce these reports using information about you and other customers. The information used and shared in this way is never personal data and you will never be identifiable from it. Anonymised statistical data cannot be linked back to you as an individual.

Our legal basis is one or both of the following:

- legitimate interests (to conduct research and analysis, including to produce statistical research and reports); or
- legal obligations.

HERE'S AN EXAMPLE OF WHY WE MAY ANONYMISE YOUR PERSONAL DATA

Some countries ask us to report spending statistics and how money enters or leaves each country. We may provide anonymised statistical information that explains the broad categories of merchants that Revolut customers in that country spend their money with. We may also provide information about how Revolut customers top up their accounts and transfer money in that particular country. However, we will not provide any customer-level information. It will not be possible to identify any individual Revolut customer.

MEETING OUR LEGAL OBLIGATIONS, ENFORCING OUR RIGHTS AND OTHER LEGAL USES

We may need to share personal data about you:

- with other organisations (for example, fraud-prevention agencies);
- if this is necessary to meet our legal obligations or in connection with legal claims; or
- to help detect or prevent crime.

You can find out more in the [Do you share my personal data with anyone else?](#) section below.

Our legal basis is one or more of the following:

- legitimate interests (to keep to laws and regulations that apply to us);
- substantial public interest (if we process your sensitive personal data to keep to legal requirements that apply to us); or
- legal obligations.

6. Do you make automated decisions about me?

Depending on the Revolut products or services you use, we may make automated decisions about you.

This means that we may use technology that can evaluate your personal circumstances and other factors to predict risks or outcomes. We do this for the efficient running of our services and to ensure decisions are fair, consistent and based on the right information.

Where we make an automated decision about you you have the right to ask that it is manually reviewed by a person. You can find out more about this in the What are my rights? section below.

For example, we may make automated decisions about you that relate to:

Approving credit applications:

- credit and affordability checks to see whether we can accept your credit application;
- or
- setting credit limits.

Opening accounts:

- anti-money laundering and sanctions checks; and
- identity and address checks.

Detecting fraud:

- monitoring your account to detect fraud and financial crime.

Our legal basis is one or both of the following:

- keeping to contracts and agreements between you and us; or
- legal obligations.

7. Do you carry out credit checks about me?

We and our lending partners will use credit-reference agencies (or other providers of credit information in relevant countries) to carry out credit checks on you if you apply (or tell us you want to apply) for a credit product through Revolut.

We will also share your personal data with credit-reference agencies (or other providers of credit information) to:

- confirm details you have provided when you apply for products or services;
- make an assessment about whether to accept your credit application; or
- determine an appropriate credit limit for you.

When you enter into a credit agreement with us we may continue sharing information with credit reference agencies or other providers of credit information (for example, information about your repayments and whether you repay in full or on time).

The personal data we share with and receive from credit reference agencies (or other providers of credit information) when you apply for, or use, a Revolut credit product will vary depending on the country you live in. We will provide full details when you apply for a Revolut credit product.

For UK users only

If you are located in the United Kingdom, we may also check your credit history to help us develop and, in the future, offer credit products that meet the needs of our customers. This will enable us to pre-filter the credit products that you may be eligible for and, in some cases, let you know before you apply if you will be accepted for a Revolut credit product.

However, if you would prefer that we do not use your data in this way you can use the privacy settings in the Revolut app to opt out.

Credit-reference agencies will not store any of your information that we send them when we use their services for this purpose and these checks do not leave any 'footprint' (trace) whatsoever on your credit record held by the credit-reference agency.

The three main credit-reference agencies Revolut uses are:

- TransUnion (www.transunion.com);
- Equifax (www.equifax.com); and
- Experian (www.experian.com).

Our legal basis is one or more of the following:

- consent (where we are required to collect your consent by law);
- legal obligations;
- keeping to contracts and agreements between you and us (where you take out a credit product with us); or
- legitimate interests (to develop and, in the future, offer credit products to our customers).

8. How do you use my personal data for marketing?

If you sign up to our services, and where allowed by law, we will assume you want us to contact you by post, email and SMS text message with information about Revolut products, services, offers and promotions. We may use the personal data we have collected about you in order to tailor our offers to you.

You can adjust your preferences, or tell us you don't want to hear from us, at any time. Just use the privacy settings in the Revolut app or click on the unsubscribe links on any marketing message we send you.

We won't pass your details on to any organisations outside the Revolut group of companies for their marketing purposes without your permission. You can find out more in the Do you share my personal data with anyone else? section.

✓ the law requires us to delete your personal data.

Just to let you know, we may not be able to agree to your request. As a regulated financial services provider, we must keep certain customer personal data even where you ask us to delete it (we've explained this in more detail below). If you've closed your Revolut account, we may not be able to delete your entire file because these regulatory responsibilities take priority. We will always let you know if we can't delete your personal data.

You can object to us processing your personal data for marketing purposes. You can tell us to stop using your personal data for marketing.

You can object to us processing other personal data (if we are using it for legitimate interests). If our legal basis for using your personal data is 'legitimate interests' and you disagree with us using it, you can object.

However, if there is an overriding reason why we need to use your personal data, we will not accept your request.

If you object to us using personal data which we need in order to provide our services, we may need to close your account as we won't be able to provide the services.

You can ask us to restrict how we use your personal data. You can ask us to suspend using your personal data if:

✓ you want us to investigate whether it is accurate;

✓ our use of your personal data is unlawful but you do not want us to delete it;

✓ we no longer need your personal data, but you want us to continue holding it for you in connection with a legal claim; or

✓ you have objected to us using your personal data (see above), but we need to check whether we have an overriding reason to use it.

Your ability to exercise these rights will depend on a number of factors. Sometimes, we will not be able to agree to your request (for example, if we have a legitimate reason for not doing so or the right does not apply to the particular information we hold about you).

10. How do I exercise my rights?

To exercise any of your rights set out in the previous section, you can contact us through the Revolut app or send us an email at dpo@revolut.com.

For security reasons, we can't deal with your request if we are not sure of your identity, so we may ask you for proof of your ID.

Revolut will usually not charge you a fee when you exercise your rights. However, we are allowed by law to charge a reasonable fee or refuse to act on your request if it is manifestly unfounded or excessive.

If you are unhappy with how we have handled your personal data you can complain to your local data protection authority. In the United Kingdom, this is the ICO website. In the EU, there are national and regional data protection authorities (a list is available on this website).

REVOLUT GROUP COMPANIES

We share your personal data within the Revolut group of companies in order to provide you with the best service.

OTHER REVOLUT CUSTOMERS

We will ask you to let us sync your mobile phone contacts. This will help you to identify which of your trusted mobile phone contacts are Revolut customers. Your 'trusted contacts' will also be able to see if you are a Revolut customer through our 'Payment with Friends' functionality.

'Payment with Friends' gives you access to Revolut features like requesting money from your friends, splitting bills, group vaults and paying other Revolut customers near you.

We use technological safeguards to ensure a 'trusted contact' is somebody you already know and who knows you (for example, you have each other saved in each other's mobile phone contacts lists or have already received or given money through a peer-to-peer payment with them).

Both you and your trusted contact must have synced your mobile phone contacts lists with Revolut to be viewable to each other in the Revolut app.

We only show your basic contact details in the Revolut app to your trusted contacts who are also Revolut customers (for example, your name (as saved in your friend's contacts list), mobile phone number, Revolut username, your Revolut profile photo (if you have one)).

You can, of course, choose not to sync your contacts list with Revolut. This means that you will not be able to identify which of your mobile phone contacts are Revolut customers.

You can also turn off 'Payments with Friends' through the privacy settings in the Revolut app.

PEOPLE OR COMPANIES THAT YOU TRANSFER MONEY TO

Where you make a payment from your Revolut account, we will provide the recipient with your details (for example, your full legal name and IBAN).

PARTNERS WHO HELP TO PROVIDE OUR SERVICES

We may share your personal data with our partners in order to provide you with certain services you have asked us for (for example, when we offer overseas medical insurance as part of our Premium or Metal plans).

If you are a Revolut Business customer, we may share your personal data with our partners (through the Revolut Business API) when you switch this function on through Revolut Connect.

HERE'S AN EXAMPLE OF WHEN WE MIGHT SHARE YOUR PERSONAL DATA WITH OUR PARTNERS

If you have asked for insurance services, we will share your relevant personal data with the provider of our insurance services. The service provider will require your personal data to provide you with insurance.

We will only share your personal data in this way if you have asked for the relevant service or it is provided as part of one of our plans.

From time to time we may work with other partners to offer you co-branded services or promotional offers, and we will share some of your personal data with those partners. We will always make sure you understand how we and our partners process your personal data for these purposes.

Our partners will have their own privacy policies explaining how they use your personal data. It's important that you read those privacy policies as well. For example, our third party insurance provider, White Horse Ireland dac, will process your personal data in accordance with its own privacy policy.

CREDIT-REFERENCE AGENCIES

OTHER FINANCIAL INSTITUTIONS

We may share your personal data with other financial institutions if requested.

HERE'S AN EXAMPLE OF WHEN WE MIGHT SHARE YOUR PERSONAL DATA WITH OTHER FINANCIAL INSTITUTIONS

If you have activated 'Open Banking' through an account you hold with another financial institution and given them permission, we will share data from your Revolut account with that financial institution.

We may also share your personal data with other financial institutions where you do not ask us to. For example:

- if you make an outbound payment, we share information about you alongside your payment. This is because we, like all payment institutions, are required by law to include certain information with payments; and
- if a payment is made to your account by mistake, we can share your information with the financial institution the payment came from. This will help the payer and the other financial institution to try and get the payment back themselves.

FOR LEGAL REASONS

We also share your personal data with fraud-prevention agencies to check your identity, protect against fraud, keep to anti-money laundering laws and confirm that you are eligible to use our products and services.

HERE'S AN EXAMPLE OF WHEN WE MIGHT SHARE YOUR PERSONAL DATA FOR LEGAL REASONS

If you give us false or inaccurate personal data and we identify fraud, we will let fraud-prevention agencies know. Law-enforcement agencies may check and use this personal data.

If fraud is detected, you could be refused certain services, finance or employment. You can contact us through the Revolut app to ask us for details of the fraud-prevention agencies we may share your personal data with.

We may also need to share your personal data with other third party organisations:

- if we have to do so under any law or regulation;
- if we sell our business;
- in connection with criminal or fraud investigations;
- to enforce our rights (and those of customers or others); or
- in connection with legal claims.

SOCIAL MEDIA AND ADVERTISING COMPANIES

HERE'S AN EXAMPLE OF WHEN WE MIGHT SHARE YOUR PERSONAL DATA FOR ADVERTISING PURPOSES

We may share your personal data (your name, email address and app events) with our advertising partners in the ways described below, but the personal data is hashed before we send it, and the social-media platform we share it with is only allowed to use that hashed personal data in the ways described below.

When we use social media for marketing purposes, your personal data may be shared with the social-media platforms so that they can check if you also hold an account with them. If you do, we may ask the advertising partner or social-media provider to:

- use your personal data to send our adverts to you, because we think that you might be interested in a new Revolut product or service;

- not send you our adverts, because the marketing relates to a service that you already use; or
- send our adverts to people who have a similar profile to you (for example, if one of our services is particularly useful to people with similar interests to the ones on your social-media profile, we may ask our advertising partner or social-media partner to send our adverts for that service to those people).

An example of how we may use social media for marketing purposes is through Facebook's 'Custom Audience' tool, the terms of which are available [here](#).

Our legal basis is:

- legitimate interests.

You can contact us at any time, either through the Revolut app or by emailing dpo@revolut.com, if you do not want us to share your personal data for advertising purposes. You can also use the privacy settings in the Revolut app to opt out from having your personal data shared in this way.

Remember you can also manage your marketing preferences directly with any social media provider that you have an account with.

WHERE YOU ASK US TO SHARE YOUR PERSONAL DATA

Where you direct us to share your personal data with a third party, we may do so. For example, you may authorise third parties to act on your behalf (such as a lawyer, accountant or family member or guardian under a power of attorney).

Revolut and your personal data

12. Will my personal data go outside of the United Kingdom or Europe?

As we provide an international service, we may need to transfer your personal data outside the United Kingdom or European Economic Area (EEA) in order for us to provide our services.

For example, if you ask to make an international payment, we will send funds to banks outside of the United Kingdom or EEA. We might also send your personal data outside of the United Kingdom or EEA to keep to global legal and regulatory requirements, and to provide ongoing support services.

We may share your personal data with credit-reference agencies and fraud-prevention agencies that are based outside of the United Kingdom or EEA.

We will take all reasonable steps to make sure that your personal data is handled securely and in line with this privacy policy and data protection laws.

If you would like more information, please contact us through the Revolut app or by sending an email to dpo@revolut.com.

13. How do you protect my personal data?

We recognise the importance of protecting and managing your personal data. Any personal data we process will be treated with the utmost care and security. This section sets out some of the security measures we have in place.

We use a variety of physical and technical measures to keep your personal data safe and prevent unauthorised access to, or use or disclosure of it. Electronic data and databases are stored on secure computer systems with control over access to information using both physical and electronic means. Our staff receives data protection and information security training. We have detailed security and data protection policies which staff are required to follow when they handle your personal data.

While we take all reasonable steps to ensure that your personal data will be kept secure from unauthorised access, we cannot guarantee it will be secure during transmission by you to our app, a website or other services. We use HTTPS (HTTP Secure), where the communication protocol is encrypted through Transport Layer Security for secure communication over networks, for all our app, web and payment-processing services.

If you use a password for the Revolut app or our website, you will need to keep this password confidential. Please do not share it with anyone.

When you use our services, which includes our social network accounts and the Revolut Community forum, do not share any personal data that you don't want to be seen, collected or used by other customers, as this personal data will become publicly available.

14. How long will you keep my personal data for?

We will generally keep your personal data for six years after our business relationship with you ends or such period as may be required by applicable local laws. However, if you receive services from our Lithuanian group companies, Revolut Bank UAB or Revolut Payments UAB, we will keep your personal data for eight years after our business relationship with you ends.

We are required to keep your personal data for this long by anti-money laundering and e-money laws. We may keep your personal data for longer because of a potential or ongoing court claim or another legal reason.

15. How will you keep me updated on how you use my personal data?

If we change the way we use your personal data, we will update this policy and, if appropriate, let you know by email, through the Revolut app or through our website.

16. Do you use cookies on your websites?

We use cookies to analyse how you use our website. Please read the Cookies Policy for more information about cookies.
