Payments to Bank Accounts outside the Revolut App We'll let you know in the Revolut app if any charges apply, before you make the transfer.

## Exchange

Whenever you make a currency exchange in the Revolut app, we'll use an exchange rate based on our market rate, which is based on foreign-exchange market rates. There is more information about our exchange rate in our [Personal Terms](#).

For certain conversions we apply an extra percentage-based fee, which may change according to when and how frequently the currencies are traded. These fees are set out in the table below.

Different fees apply for high-frequency standard customers. A high-frequency standard customer is someone who:

- is a standard customer (not a premium or metal user); and
- has exchanged £5,000 (or the equivalent in a different currency) in any rolling month.

We charge a higher fee outside foreign-exchange-market hours because less currency is traded during these times. Foreign-exchange-market hours are all hours except Saturday (UK time) and midnight on a Monday (UK time) (or in Vilnius time, between 2am Saturday and 2am Monday).

### Fees during foreign exchange market hours
