

International and Foreign Currency Transfer Fees

Note: Revolut is building an online tool to calculate the exact fee you will be charged for international transfers, which will replace this file when completed.

For international transfers in the local currency of the recipient country, like when you send USD to the USA, you will be charged a fee of 0.3% of the transfer value. This is subject to a minimum fee of A\$0.30 and a maximum fee of A\$8.

For international transfers not in the local currency of the recipient country, and foreign currency transfers to bank accounts within AU. you will be charged a flat fee of A\$4 when sending USD, GBP, EUR and CHF, or A\$8 for all other currencies.

The example table below shows how this works in practice on different size transactions. Remember that these fees only relate to the transfer, so other fees may apply (for example, for foreign exchange) as well.
