Exchange

Whenever you make a currency exchange in the Revolut app, we'll use an exchange rate based on our market data, which is based on foreign-exchange market rates. There is more information about our exchange rate in our [Personal Terms](#).

For certain conversions we add a percentage (a mark-up), which may change according to when and how frequently the currencies are traded. These are set out below.

All Plus users can make a set amount of exchanges at this rate every month. The set amount depends on what your base currency is and is set out on our Fees Page. Plus users who exchange more than this amount start paying a fair usage fee (but Premium and Metal customers do not).

Everyone on Revolut whose base currency is can €1,000 of exchanges at this rate each month. Plus customers who exchange more than this will begin paying a fair usage fee of 0.5% on any additional amount. A Plus customer is anyone who is not a Standard, Premium or Metal customer. Premium and Metal customers do not pay this fee.

We charge a fee of 1.0% for currency exchanges on weekends and bank holidays (in London) because exchange markets are generally closed and less currency is traded during these times.

You can avoid these fees by making your exchange on weekdays. We may charge this fee if these or other exchange markets are closed at other times too.

We also charge a fee of 1.0% for exchanges in money currencies that are traded less and so are not always easily available. These currencies are set out below.

WEEKDAY EXCHANGE FEES

If you are a Plus customer and make an exchange on a weekday, these are the fees that will apply to your exchange.

Remember, if you exchange more than €1,000 during the month, a fair usage fee of 0.5% will begin to apply in addition to the fees below. You can avoid this fair usage fee by signing up to a Metal or Premium plan and receiving unlimited exchange.

Standard money currencies:	No fee
USD, GBP, EUR, AUD, CAD, NZD, CHF, JPY, SEK, HKD, NOK, SGD, DKK, PLN, CZK (or any other currency not listed as a "less traded money currency" below)	

Less traded money currencies:	1.0%
THB and UAH	

WEEKEND EXCHANGE FEES

If you are a Plus customer and make an exchange on a weekend, these are the fees that will apply to your exchange. You can avoid some of these fees by making an exchange on a weekday.

Remember, if you exchange more than €1,000 during the month, a fair usage fee of 0.5% will begin to apply in addition to the fees below. You can avoid this fair usage fee by signing up to a Metal or Premium plan and receiving unlimited exchange.

Standard money currencies:	1.0%
USD, GBP, EUR, AUD, CAD, NZD, CHF, JPY, SEK, HKD, NOK, SGD, DKK, PLN, CZK (or any other currency not listed as a “less traded money currency” below)	

Less traded money currencies:	2.0%
THB and UAH	

The highest rate relevant to your conversion will apply. For example, for a conversion between USD and THB on a weekday, we will apply the mark-up that applies to THB (1%), not the mark-up for USD (0%).
