Exchange

Whenever you make a currency exchange in the Revolut app (except cryptocurrency conversions), we'll use an exchange rate based on our market rate, which is based on foreign-exchange market rates. There is more information about our exchange rate in our [Personal](#) and [Business Terms](#). The rate we use to convert your e-money into cryptocurrency (and back) is based on the rate we get from the relevant cryptocurrency exchange (click [here](#) for more information).

For certain conversions we apply an extra percentage-based fee, which may change according to when and how frequently the currencies are traded. These fees are set out in the table below.

We charge a higher fee outside foreign-exchange-market hours because less currency is traded during these times. Foreign-exchange-market hours are all hours except midnight on Friday to midnight on Sunday in London.

Fees during foreign exchange market hours

Regular customers

THB and UAH	1.0%
-------------	------

USD, GBP, EUR, AUD, CAD, NZD, CHF, JPY, SEK, HKD, NOK, SGD, DKK, PLN and CZK	No fee
---	--------

Cryptocurrencies	1.5%
------------------	------

XAU	0.25%
-----	-------

Any other currency not listed above	No fee
-------------------------------------	--------

Fees outside foreign exchange market hours

Regular customers

THB and UAH	2.0%
-------------	------

USD, GBP, EUR, AUD, CAD, NZD, CHF, JPY, SEK, HKD, NOK, SGD, DKK, PLN and CZK	0.5%
---	------

Cryptocurrencies	1.5%
------------------	------

XAU	1.0%
-----	------

Any other currency not listed above	1.0%
-------------------------------------	------

The highest rate relevant to your conversion will apply. For example, for a conversion between USD and THB during foreign exchange market hours, we will apply the mark-up that applies to THB (1%), not the mark-up for USD (0%).
